We were having lunch with our son's mother-in-law at Salisbury House, Portage West, last July.

My husband helped two ladies into the restaurant. They were directed to a table in the solarium area of the restaurant. They did not want to sit there because of the extreme heat. My husband, who observed this, cleared and cleaned another table for them.

A mother and her daughter were eating lunch across the aisle from us, observed this and couldn't get over what my husband was doing for these ladies. When the mother and daughter were going to leave the restaurant, they stopped at our table and informed us that they were paying for our lunches. What a kind and generous gesture. We were overwhelmed.

I need to be inundated, not with flood waters, but with your stories, letters or poems. The September issue is looking very bare at the moment so come on folks do your bit to make **YOUR** newsletter interesting. I know there are many who have interesting hobbies, have travelled extensively and done many good deeds within the community that we would like to read about.
Editor.

The Final Word:

If we do not see you at the Wind-Up have a great summer everyone (when it arrives) and stay-safe.
